Copies of the interm Financial Report were circulated. It showed an Opening balance of \$7,006.42. Expenses exceeded Income by \$1,249.64 Closing balance was \$5,756.78. This negative outcome was due mainly to the higher mailing costs and the fact that a large number of members were not paying their dues. The costs for the annual dinner were higher than estimated. In the case of the Day at the Races, two members did not show up. The president reported that every attempt is made to make the events revenue neutral however unforeseen costs do occur. A discussion ensued

on the necessity of increasing dues starting in the 2008-2009 year; however, those who paid before June 1<sup>st</sup> would pay only \$15.00. Martin Franklin moved that:

“The membership fees of this Association be increased to \$20.00 annually effective June 1<sup>st</sup> 2008.”

Yves Gosselin moved approval of the Financial Report, seconded by Kalman Mukherji and unanimously carried.

#### 42.5.2 Pension and Benefits Committee

John Hall reported that the **Pension Committee** is meeting monthly and performing its mandate effectively. It meets with each fund manager two or three times a year. In view of market conditions, the fund is performing adequately. Overall return was 6.6% over 10 years surpassing the objective of 4% required by the fund. Since indexing is based on performance, a return of at least 7% would have to be reached before indexing may be considered. We have to hope for outstanding performance in order for this to happen.

A sub committee is currently reviewing the investment processes of our fund. It is currently reviewing candidates for the management of US indexed funds that are small to mid cap investments. The sub committee will be interviewing managers in May. Another sub committee is reviewing socially responsible investments. Howard Fink reported on the activities of the Responsible Investments Committee. This Committee will investigate to promote morally and environmentally responsible investments. Howard Fink cautioned the committee that performance was of the utmost importance and that the committee should tread very lightly before making decisions that would adversely affect performance.

#### 42.5.3 Social Committee

Steve Kumarapeli was unable to attend as he was on a trip to Africa. A discussion was held upon the social events. Mair Verthuy recommended the Senior Sunday events held at the Saidie Bronfman Centre. The plays there are excellent. While not everyone enjoys harness racing, it was pointed out that the Day at the Races was more a social event than anything else and that no one was pressured into betting on any horse. Another comment was that perhaps some retirees did not have transportation to the events and perhaps a mention of car-pooling could be added to the event notices.

#### 42.5.4 Scholarship Committee

The president introduced Patrice Miranda, one of the scholarship recipients. He gave a short talk on his project and expressed his appreciation for the scholarship enabling him to carry it out. John Hall commented that the scholarship funds were being well invested.
